My philosophy

„Roots to Blossom“

Roots

The menu "roots" returns to the roots of cooking: classic and traditional tasting combinations are the focus and will be newly interpreted and presented in a modern way.

Blossom

The menu "blossom" represents a light kitchen, which has its source in the traditional kitchen – a combination of modern and vegetarian dishes in which you will always find one certain main product as the protagonist.

Wine pairing

We are pleased to serve our menus with an adequate wine pairing.

The bronze option offers a non-alcoholic juice pairing of different juice manufactures.

With the silver pairing, the focus is set on regional wines.

The gold option offers a pairing consisting of regional and international top class wines also including one or the other rarity.

**Sincerely yours,
Tobias Schmitt**
